    <h1> Kingdom of Saudi Arabia to Celebrate 93th National Day</h1>
    <h> The Kingdom of Saudi Arabia's leadership and people will
celebrate tomorrow, Saturday,
      September 23, 2023, the 92th National Day of Saudi Arabia,
after the historical announcement of
      the late King Abdulaziz bin Abdulrahman Al Saud of Saudi
Arabia's unification under "There is no
      god but Allah; Muhammad is the Messenger of Allah" banner.
      Saudi National Day is the day on which the late founder named
the Kingdom of Saudi Arabia
      throughout the country, after 32 years of wars. On that day, a
young country was established that
      prided itself by the application of the Islamic Sharia and its
preservation of human values,
      promoting peace and goodness and in search of knowledge and
development towards a better future
      for its people, the Islamic nation and the whole world.

King Abdulaziz ordered at the beginning of structuring Saudi Arabia to pay great attention to the

Two Holy Mosques and their expansion and to serving pilgrims and Umrah performers, as well as

establishing schools and hospitals, building villages, rehabilitating the soil, and exploring irrigation water in order to support agriculture.

Then, King Saud bin Abdulaziz Al Saud was the first to follow this approach and to work within its

framework until the features of progress emerged and the structures of a number of basic

institutions and agencies in the country were completed.

In the era of the pioneer of Islamic solidarity, who succeeded King Saud, King Faisal bin Abdulaziz

Al Saud, achieving accomplishments continued, and during his reign, the Kingdom of Saudi Arabia

began the implementation of the ambitious five-year plans for development.

In the reign of King Khalid bin Abdulaziz Al Saud, building and growth continued to serve the

country and citizens in particular and Islam and Muslims in general. The development plans also

connected with each other for the sake of achieving more prosperity and stability.

The achievements during the reign of King Fahd bin Abdulaziz Al Saud were characterized by

comprehensiveness and integration to form a comprehensive development process for building a

nation and a wise and unique leadership that embodied many qualities that he had, the most

prominent of which was his adherence to the holy Quran and prophetic Sunnah, and his dedication

to serving his homeland, citizens, the Islamic nation and the entire humankind.

During the era of the Custodian of the Two Holy Mosques King Abdullah bin Abdulaziz Al Saud,

the Kingdom of Saudi Arabia witnessed more giant developmental achievements throughout the

nation in various sectors, including education, health, transportation, industry, electricity, water, agriculture and the economy.

Today, Saudi Arabia witnesses a distinguished present, looking forward to a more distinguished

future full of confidence in the title of the stage, the Custodian of the Two Holy Mosques King

Salman bin Abdulaziz Al Saud, who has been making, since the beginning of his reign, an effort to advance Saudi Arabia. The activities varied in various fields at regional and international levels, preceded by accomplishments at various stages during his reign in many positions.

Today, Saudi Arabia's National Day passes by while we live in a bright reality established by the late founder King Abdulaziz. source : SPA</h>
